PUBLICATIONS / RESEARCH / WHITE PAPERS

A Hybrid Temporal Modeling for Dissolved Oxygen Prediction in Intensive Aquaculture

20 Apr, 2026

Research Paper / Journal Publication | International Journal of Engineering Development and Research (IJEDR) | **Mentor:** Ravi Regulagadda | **No. of Authors:** 4

Published a research paper titled "A Hybrid Temporal Modeling for Dissolved Oxygen Prediction in Intensive Aquaculture" in IJEDR. Developed a hybrid prediction framework using LightGBM, BiSRU, and Attention mechanisms to forecast dissolved oxygen levels in aquaculture systems. Applied data preprocessing, feature selection, machine learning, and deep learning techniques to achieve accurate time-series prediction and support intelligent aquaculture management.
